

West Michigan Green Champion Canvasser

The Michigan League of Conservation Voters – one of Michigan’s largest, most impactful political advocacy organizations tackling drinking water contamination, the rapidly-worsening impacts of climate change, and efforts to undermine our access to the ballot – is seeking part-time Green Champion Canvassers to build power, presence, and relationships on behalf of our organization and to organize citizens to get involved in making the protection of Michigan’s land, air, and water a political priority.

The ideal candidates will be inspiring community leaders who are willing to participate in canvassing in support of “Green Champions” in the state legislature. This effort is the foundation of building long-lasting relationships with voters in West Michigan. They will develop experience working on advocacy campaigns and will be motivated to build a strong, diverse base of supporters for action on land, air, and water issues in the region.
